our philosophy

The providers of Western New York Urology Associates utilize a team approach in the coordination of care to give their patients access to their collective knowledge and experience. Our doctors are all members of the American Urological Association and continually attend courses to stay abreast of the latest advancements in medicine and urology.

Our Practice

Western New York Urology Associates specializes in patient care. This means we treat you with the respect you deserve, giving you the most reliable and prompt care possible. We have several office locations for your convenience, each staffed with knowledgeable, caring personnel. Please call us anytime with your questions or concerns.

Our Commitment

The providers and staff of Western New York Urology Associates are dedicated to serving our patients' needs. Each patient receives state-of-the-art diagnosis and comprehensive treatment. Everything from scheduling of appointments to billing and insurance procedures are handled with courtesy and professionalism. Our commitment is demonstrated by a recent National Patient Survey, where our own patients reported a 98% level of satisfaction. Our goal is to earn patients' trust and respect.

Our Goal

Our goal is to provide you with access to state-of-the-art urological care in a prompt and courteous manner.

...n have, including kidney stones, infections,
...de surgery, drug therapy, and/or rehabilitation.

urology

Is a medical specialty involving problems of the urinary tract and related structures. This includes the kidneys, bladder, connecting tubes, and urethra (the tube through which urine passes from the body).

patient information

Referrals

Please be sure to get a referral from your primary care provider if you are a member of a local HMO and a referral is required.

Prescriptions

Prescription renewals can be done over the phone with provider approval. Call our office during regular hours with your prescription information and your pharmacy's phone number, and we'll call in your new prescription. You can also renew your prescription online at www.wnyurology.com.

Emergencies

In the event of an emergency, call the number for the office (please see list on the back cover) where you are generally seen. The answering service will contact the provider, who will call you back as soon as possible. If you have a non-emergency question after hours, you can leave a message and your call will be returned the next business day.
